Mr. Moody is an ordained minister of both denominations All church activities, however, are strictly nonsectarian.

The pastor is at a loss to explain how the East Asia Christian Conference, donor of the \$1,000, heard of his church. He suggests "perhaps one of my friends in the World Council of Churches told them about us."

The money was collected by women in India, Pakistan, Iran, Thailand, Korea and other countries. They belong to the Fellowship of the Least Coin, an organization inspired by the Gospel parable of the widow's mite.

OLD HANDS AT THIS

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

A man who knows nothing about trees may admire a forest. But he'll never make a living in the timber business.

The Bible is like our other resources. It can fill any man with a sense of awe . . . but its rich treasures are for the earnest and patient seeker.

As you've held the Book and leafed its pages, you could almost feel its sacredness. And yet, when you began to read, perhaps it was like plodding an unfamiliar path.

Try again, today. But try with the zeal of the apprentice who counts experience itself a valuable reward. And turn to the Church for the inspiration that its worship and Bible study can provide.

Soon, like the timberman's forest, your Bible will be a friendly place of familiar trails, rich in God-given treasure. For, remember, even old hands once groped to find the Way.
